

Hanna's Jump Rope

Hanna loved to jump rope.

Every night, she liked to count the stars in the sky while jump roping.

**Hanna could jump rope a thousand times,
but she didn't know what to do after that.**

One day, a circus came to town, and Hanna went to see it.

She saw a clown jumping rope on stage.

He looked like floating in the air with jumping rope.

She could not take her eyes off him.

Hanna wanted to float in the air like the clown.

She started to practice floating with the jump rope.

“The clown must have a magical rope,” Hanna thought to herself. “My rope cannot make me float in the air.”

But, no matter how much she tried, she could not float in the air like the clown.

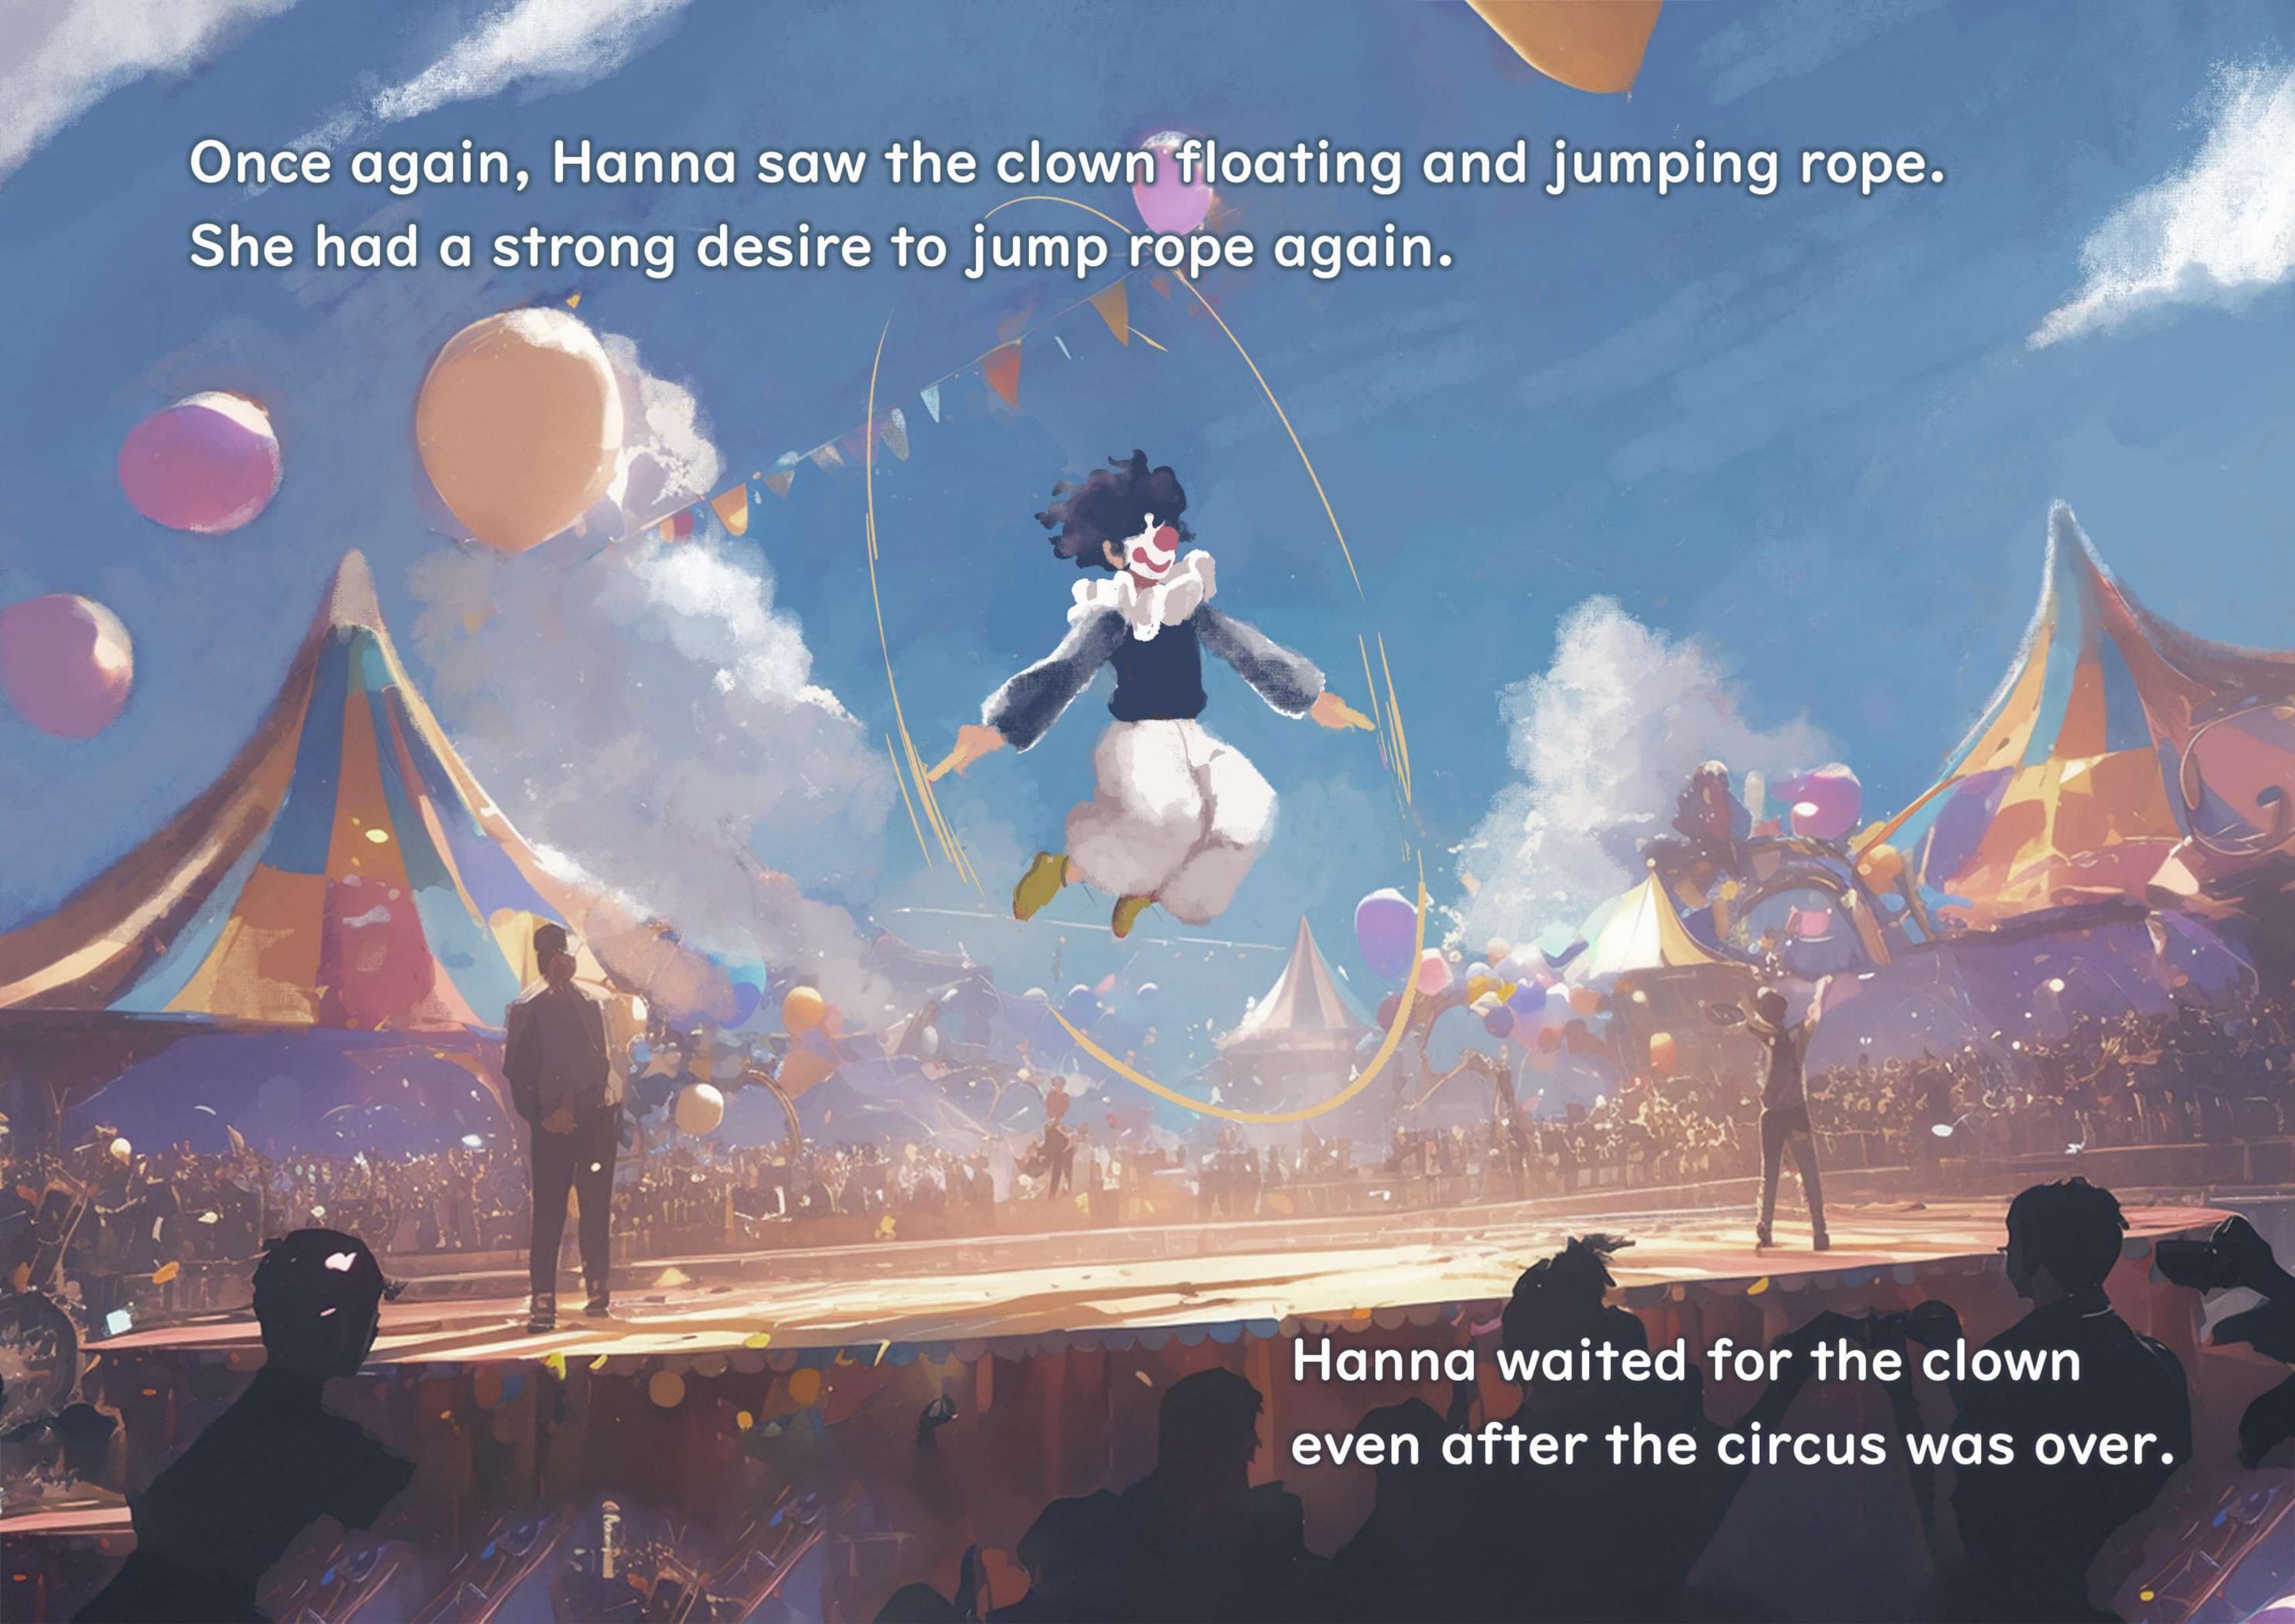

**Since that day,
Hanna didn't jump rope anymore.**

**One day, Hanna heard
it was the circus' last day in town.
Hanna decided to see them again.**

Once again, Hanna saw the clown floating and jumping rope. She had a strong desire to jump rope again.

Hanna waited for the clown even after the circus was over.

After the show, Hanna went backstage and asked the clown,
“I want to jump rope like you and float in the air,
but I don’t have a magical rope like yours!”

The clown replied,
“Oh, dear, this is not a magical rope.
It is a normal rope just like yours.
Anyone can jump rope like me
if they practice.”

Hanna replied,
“I’ve practiced so much but
never succeeded.”

"A great challenge!" said the clown with a smile.

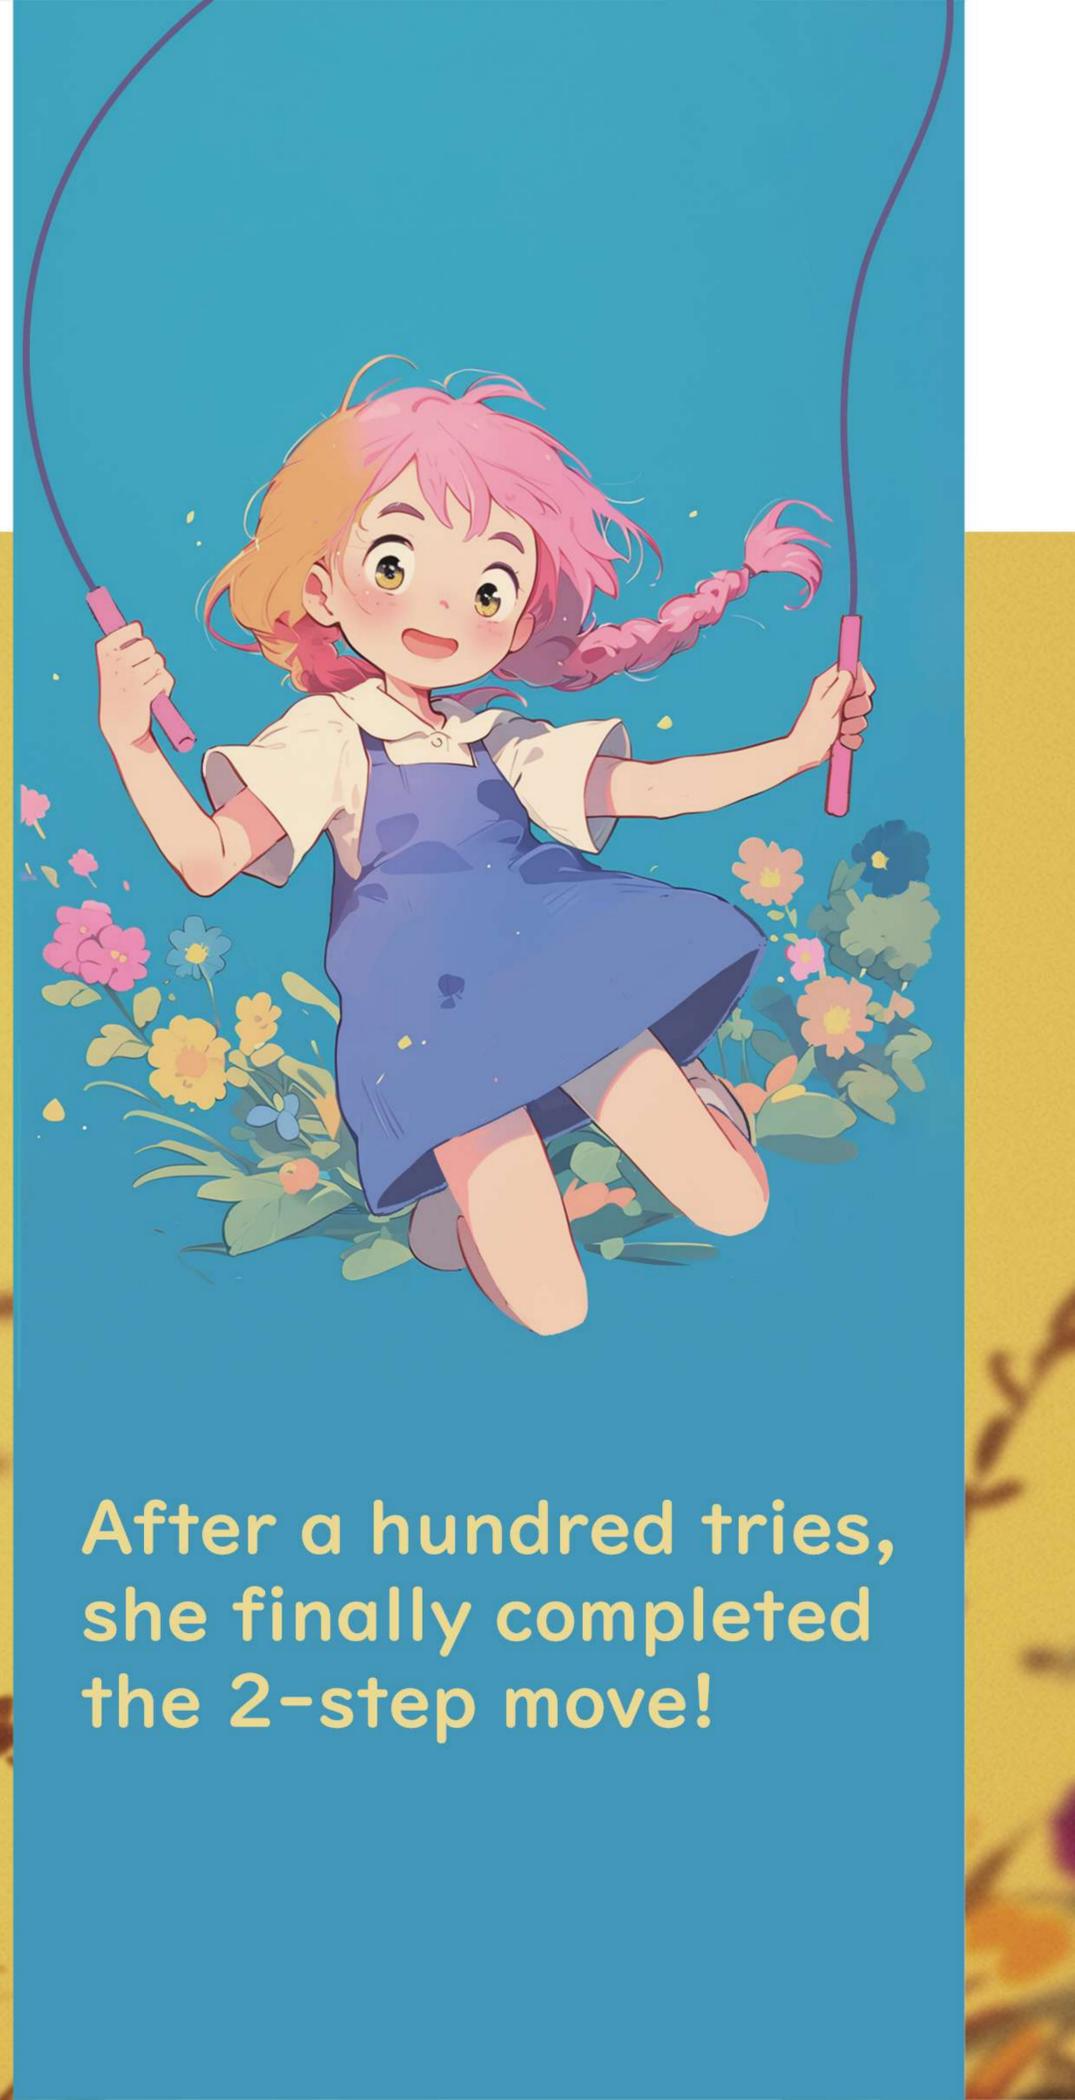

"Try one step at a time."

**Then the clown showed Hanna
the 2-step jumping move,
the 3-step jumping move,
and all the way to the 5-step jumping move.**

Hanna's heart lit up with dreams
as she watched the clown jump rope.

Hanna started practicing again.

After a hundred tries,
she finally completed
the 2-step move!

Hanna never gave up and continued to practice jumping rope to reach the next step.

The stars watched over her as she jumped.
