The Tower of Babel

Genesis 11:1-9

After the flood, Noah's sons and their wives had many children. All people spoke one language at that time.

Then the people became proud. They said, "Let us come together and make a big name for ourselves. We will build a city with a tower reaching up to the sky." They used bricks and tar to build the tower.

God saw what they were doing. So God made them speak in different languages. Then they could not understand each other. So they stopped building.

They named that place Babel,
because God confused the
people there. In this way, people
started speaking different
languages

They took their families into different lands, and made different countries. In this way, God moved the people all over the earth and made all the different languages on earth.

Answer the questions

1. What did the people want to build?
2. Why was it wrong for them to build the city and tower?
3. Who made the different languages on earth?
4. What is your first language?
